## Custom Kits & Components

### Bull Bar Installation Kits

Exafast can pack all your installation kits accurately and efficiently with our state of the art equipment in our own Ningbo, China facility. We hold stock of a range of metric and UNC high tensile fasteners and can also source and supply ancillary items including:

- Non-standard fasteners and forged components
- Steel brackets
- Small electrical components; terminals, harnesses, etc.
- Cable ties and button plugs
- Clip lock trim
- Ferrous castings
- Springs

Our kits are presented to the highest standard and all fasteners are thoroughly tested in our in-house NATA laboratory.

Talk to us about your custom kit and component requirements.
