## Custom Kits & Components

### Components & Kits for Roller Doors

Exafast can supply the components and fasteners required for assembly and installation of industrial, commercial and residential roller doors and shutters, including:

- Brackets; pressed and fabricated
- U-bolt assemblies
- Cast saddle assemblies
- All fasteners including bolts, nuts washers and screws
- Sprockets
- Other components to specification

We can also pack these components into installation kits, accurately and efficiently with our state of the art equipment in our own Ningbo, China facility.

Talk to us about your component and installation kit requirements.
