

Fastener Kits & Assortments

Flexible Kits

Unique, high quality retail fastener packs

The Exafast Flexakit range offers convenient purchasing choices and ultimate flexibility for retailers and consumers alike.

The high quality Australian designed product and retail display offers retailers a unique, easy to maintain product solution for a wide range of fasteners. The design is eye catching and user friendly, with packaging and presentation superior to the usual clamshell and blister packs.

The Flexakit range includes hundreds of individually packaged products in color coded plastic tote boxes, allowing consumers to select products to suit their individual requirements. They can choose a single tote box or fill the steel carry case with their required selection to make a fully customized assortment that includes no unwanted products.

Features & Benefits:

- Fully modular system.
- Color coding and graphical representation makes product selection quick and easy.
- When any product runs out, simply purchase individual replacement tote boxes.
- Color coded display with pull-out shelf allows self-packing assortments.
- Robust polypropylene tote boxes with clear lids.
- Quality powder coated, heavy gauge steel carry cases.

Our ready made retail solution is just the start point; the Flexakit concept is also fully customizable:

- Your brand and colors.
- Custom designed merchandising displays to suit any application.
- Any fastener or other product that can be accommodated.
- Various size tote boxes.
- Your specified assortments, pre-packed and delivered into your store.
- Virtually endless possibilities.
